

# J-BOLTS

**Available in 4", 8" and 16" lengths.**

J-Bolts, in conjunction with Brauer and De-Sta-Co® pull style clamps, are used to achieve maximum clamping pressure. The 1/2-13 size is available for use with the #311 De-Sta-Co® clamps while the 5/8-11 size is available for use with the 4000H Brauer Heavy-Duty clamps.
